CSCI 4150U

1 Part I

1.1 SSE Plot Breast Cancer Dataset

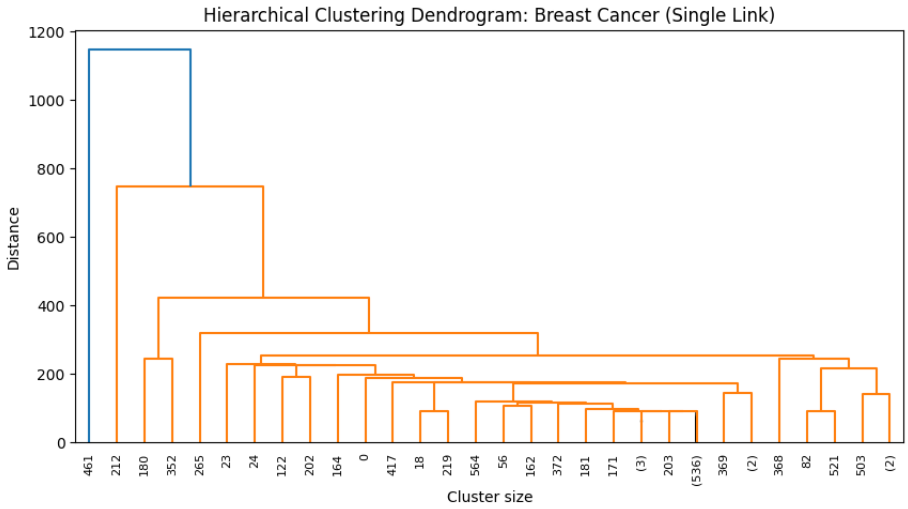

1.2 SSE Plot Waveform Dataset

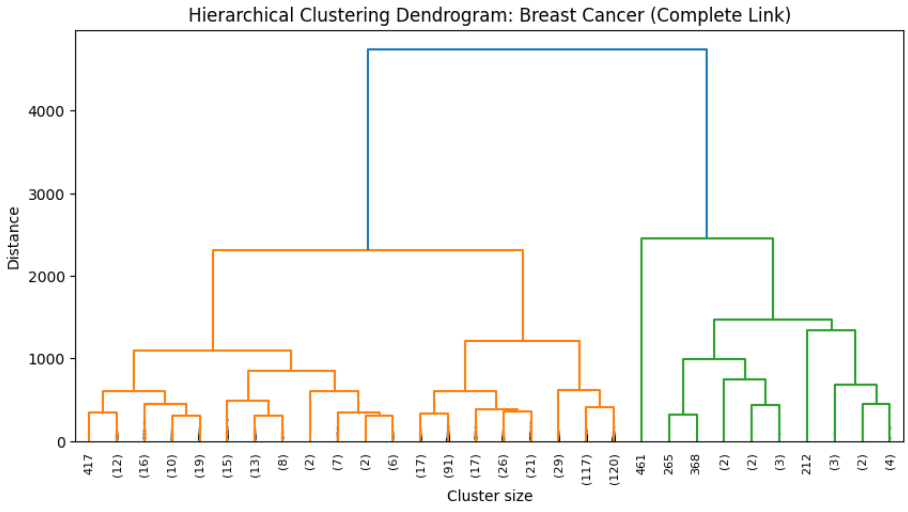

From the graphs above, using the elbow method, the best k for the breast cancer dataset is 2, and the best k for the waveform dataset is 3.

2 Part II

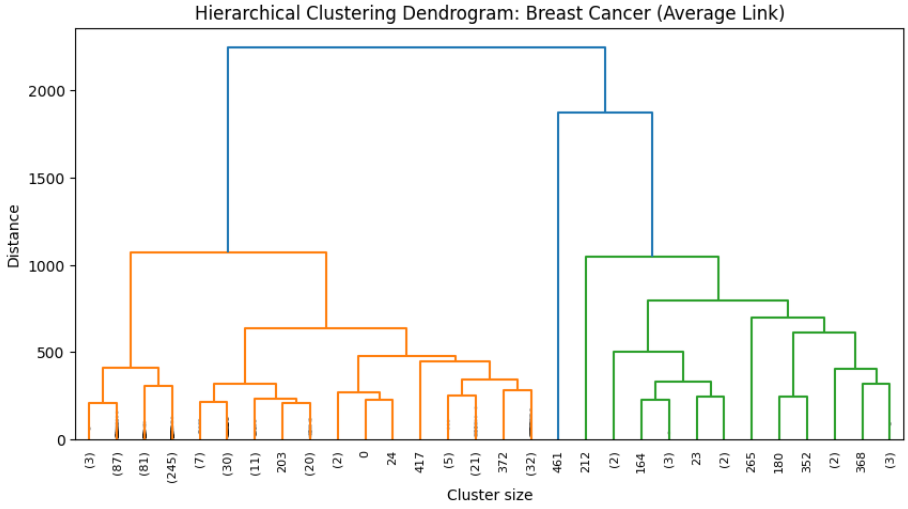

2.1 Single Link hierarchical clustering on the Breast Cancer Dataset

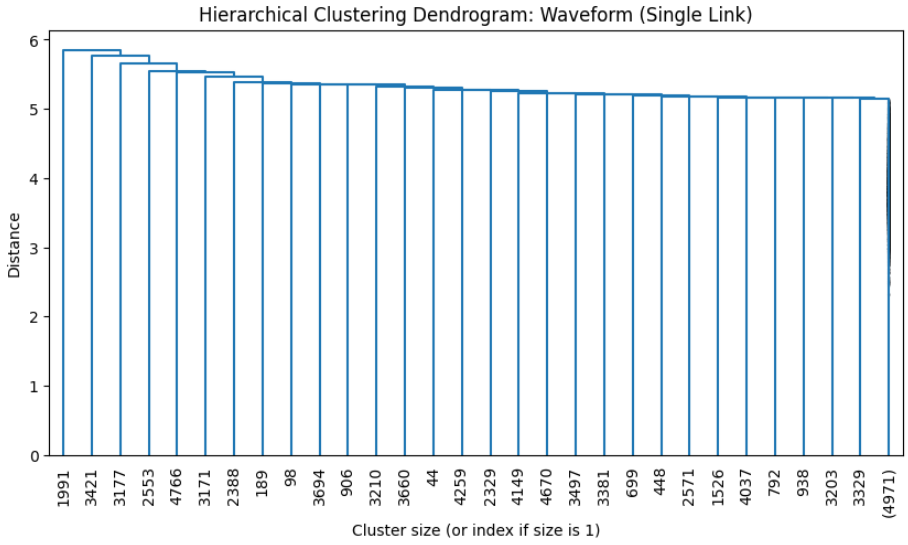

2.2 Complete Link hierarchical clustering on the Breast Cancer Dataset

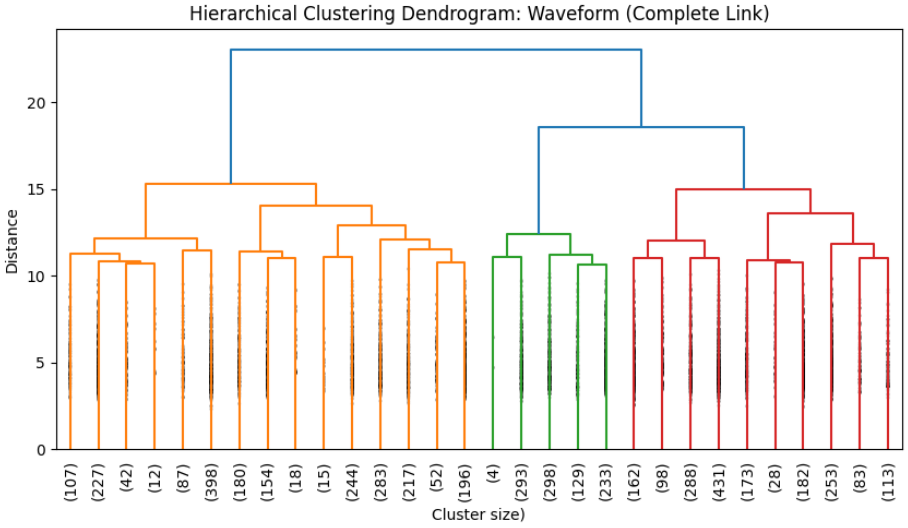

2.3 Average Link hierarchical clustering on the Breast Cancer Dataset

2.4 Single Link hierarchical clustering on the Waveform Dataset

2.5 Complete Link hierarchical clustering on the Waveform Dataset

2.6 Average Link hierarchical clustering on the Waveform Dataset
